

Present: Caroline Green, Sherrie Hardy, Kandy Hillam, Carol Ryan, Virginia Sanchez (Utah School Nurses Association rep.)

Absent: Paula Johnson (grandma for the first time!!!), Carol Rasmussen, Colleen Drake, Dawn Higley, Lucie Jarrett, Susan Tibbetts

Topic	Discussion	Action
1. General needs of school nurses	Contact information - especially for those in rural areas. There are children new to the school, and school nurse may need information for referrals, questions, etc. Have a central contact, and then this site/phone contact can refer to appropriate person in their area. (Rather than trying to put together list for people around the state) School nurse can call and present the specific situation to the central contact at PCMC - can then help with appropriate recommendation based on situation.	Kandy and Sherrie will present to staff and administration of PCMC section of the Utah Diabetes Center and develop a one page outline with contacts and phone numbers.
2. Discussion of Spring conference	Great response for carb counting and pump sheets. Quite a response, and requests for more.  -Carol Ryan made a commitment to the School Nurses Association in May that the UDCP / Diabetes in the School Committee can help with a day long conference in November.	Virginia (USNA) presented details: <b>Date:</b> Nov. 8 (Fri) <b>Place:</b> Jones Center next to Granite School Dist. Office
